Infant Teacher Looking For Full-Time Nanny Position

I have been a professional Infant Lead Teacher for 15 years and very advanced in children development. I am passionate about caring for children and helping them reach their early development stages. I have experience with children of all ages but love working with newborns. I myself is a mother and will treat your children's as if he or she was one of my own. I am also passionate about arts and culture, I love creating a musical atmosphere through French, English and C songs to open a different world to children. I'm looking to find a family who understand that we are in it

together for the sake of the children, that consistency is very important in children's lives As a nanny, I consider myself to be a educator, a nurturer, keeping safety first and doing co-parenting with the family.

Professional, Energetic, Loyal, Nurturing Nanny 20+ Years Experience - Full Time

★ ★ ★ ★ ★ (1)

I am a career nanny with over 20 years experience and pride myself on establishing long-term relationships with impeccable references. I have been a full-time nanny for primarily 3 families during that entire time, and am now in search of what I hope will be another long-term commitment. My current family is moving West, and although I am devoted to them and to the adorable children, my own grown daughter, and 6-year-old granddaughter are in Boston (along with many of my siblings and cousins) and I cannot move with them as they asked me to. I am looking for a live-out position, and do not drive (although have a driver's license) so need public transportation accessible, ideally in the South End/Back Bay/Beacon Hill but would consider other areas, and need full-time. I am an upbeat, energetic person who is very patient and grounded. The kids think I am fun, but they also learn manners, respect, kindness when I am with them. I love kids of all ages. I started nannying with the first family when the oldest was 5 weeks, and was with them for all three children until teen-agers. I am still very much in touch with them, and both the parents and the children regularly have me come visit or call me - especially when needing a loving ear or guidance. I next went to nanny their family friend's infant twins and was with them for 4-5 years. They also have two older stepchildren, for whom I was not their direct nanny, but who also regularly reach out to me as a mentor. I have been with my current family since the oldest daughter was 7 weeks old, and then was chosen to stay with the daughter when they had their son (now 11 months). I love getting outside and keeping the kids active, splashing in puddles, organizing play-dates, being active on the playground, or going to the museums or classes. I do not drive (although have a license), but can take/pick up kids from different activities accessible with public transportation. I am happy to travel with your family if needed, or am flexible to stay late/overnight/weekends if needed. Previously, I stayed with the three children from one family for two weeks while the parents traveled internationally, as I am reliable,

responsible and trustworthy. Although I am viewed as "part of the family", I pride myself on maintaining confidentiality, respect, and good communication so that we may have a long-term relationship. I can take care of all the children's needs, from infant care, to laundry, meal-times, tidying the children's rooms. I have previously had to learn how to administer insulin for one of the children when she was diagnosed as a diabetic, and was trusted by the family to care for her while the parents traveled. I am happy to bring my experience with me, while also learning and respecting how you do things. I am reliable, and in 20 years have only been sick one day, and am never late (even in the blizzards). I simply LOVE children, and love my job!

**Irene N. | Mattapan, MA****\$20-25/hr • 10 yrs exp • 67 yrs old****Nanny**

Hi! My name is Irene. I am a mother of 5 and grandmother of 12. I am a career nanny and have spent the past 20+ years in full-time, long-term positions caring for multiple children. I have experience working with newborns and children of all ages. I adore kids and love to watch them and help them grow. Its important to me that kids are active and engaged. I like to take them outdoors as much as possible and to do a variety of other activities, depending on their ages including: storytelling and other games. I have lived in Boston most of my adult life and love showing kids around the city and taking them to the children's museum; aquarium and other places. I believe it is extremely important for caregivers and parents to have a strong relationship with open communication and a foundation of trust and am looking for a family that shares that philosophy. In my previous positions, in addition to caring for the kids, I have helped to prepare kids meals, do kids laundry and generally help to keep things organized. I have a clean driving record and I own a vehicle.

I was born in Trinidad but I have lived in Boston for over 10 years. I learned how to interact with children of all ages from my mother who has been a nanny for the past 20 years. I enjoy being creative indoors on snow days and exploring the Aquarium, Boston gardens, parks and museums

outdoors. I have worked as an Esl teacher for the past three years which my favorite parts were interacting with the students and watching them have blossom by just being able to order Dunkin!!!

Full Time Nanny Available

I have spent much of my life and time on developing skills necessary to be an early childhood educator and professional, starting as a parent of two children and as a grandparent. As a parent, I understand the great need for committed professionals in the early stages of education, and the impact that educators are capable of having early in the lives of children. I believe that not only is early childhood the most important developmental period, but is also the period where parents and educators are most influential. Therefore, as an early childhood educator, I realize the responsibility I have to the community in which I serve, as well as the world in which I live. I have had over 16 years experience taking care of young children and toddlers between 3 months and 6 years of age. I received my Bachelor's of Liberal Arts in Honduras, and received an Associate's Degree in Early Childhood Education at Cambridge College in 2009.
